

Body Shop Safe Solutions

That Deliver the Ultimate In Shine & Performance

Car Brite, the leader in professional automotive reconditioning products, offers a comprehensive line of products that meet the needs of today's body shop. With over 100 body shop-safe formulas, Car Brite provides the body shop professional with products that save time and money.

Here are just a few of our popular products for the body shop professional. All products shown are VOC compliant.

Select Exterior/Interior Cleaner - Degreaser

A versatile formula that can be diluted for interior or exterior cleaning applications. Removes soil, light grease, bugs and road film from exteriors and dirt, grime and stains from interiors.

Select Glass Cleaner

A highly concentrated formula that quickly removes dirt, smoke and traffic film without streaking. Ammonia-free formula is safe for tinted windows.

Select Car Soap

A highly concentrated liquid soap that provides a thick, rich foam that safely removes dirt, bugs and grime with a spot-free rinse.

Liquid Fallout Remover II

Oxalic liquid gel that effectively removes metallic fallout particles embedded in painted surfaces.

Select Non-Acid Wheel & Tire Cleaner

Our strongest medium-duty, acid-free cleaner that safely removes contaminants in one step. It is extremely effective in removing brake dust from alloy and clearcoated rims.

Vibrant II

A silicone-free high gloss dressing that delivers a deep, rich shine on rubber, plastic and vinyl surfaces.

Select Acid Wheel Cleaner

A medium-duty, acid-based cleaner formulated to safely clean and brighten most wheel types.

Gloss It!

A quick detail spray that quickly and safely removes dust, smudges & fingerprints while providing a rich gloss. The perfect final touch to repainted surfaces.

Select Exterior Solvent

Quickly and safely removes grease, tar and other petroleum-based contaminants from exterior paint and chrome.

Black Pearl

From heavy scratches to swirl marks, Black Pearl offers a complete range of compounds and polishes to bring out the luster of any vehicle.
